#### SMC 60<sup>th</sup> Birthday

Above is the plaque of the original hospital, first opened as a woman’s hospital on 22<sup>nd</sup> April 1959

### Arabic Deafness Day

HE Dr. Mohammed Amin Al Awadhi, Assistant Undersecretary for Hospital Affairs, had inaugurated an awareness event on hearing impairment in conjunction with the annual celebration of the Arabic Deafness Day on 26 April 2019 at the Avenues Shopping mall organized by the Ear, Nose and Throat Department at Salmaniya Medical Complex. The aim of this activity is to raise awareness among different groups of society about the most important causes of hearing impairment and the importance of early detection and intervention of hearing impairment. The event included the provision of ear examination, hearing tests and answering the public's queries. The event also included a presentation of the rehabilitation devices such as hearing aids, cochlear implantation devices and an exhibition of the products of the Bahraini Deaf Society. A number of activities and recreational activities were provided for families and children during the event.

#### Obesity & Depression Hand-in-Hand in children

Important new evidence which should prompt radical rethink of approaches to both child obesity and emotional wellbeing
