

The National Taskforce for Combating the Coronavirus (COVID-19) has taken the following decisions to safeguard public health. These decisions went into effect on 3 June 2020:

Face masks
must be worn

Face masks must be worn at all times when in public. **This decision does not extend to driving vehicles**

Face masks must be worn during outdoor recreation. **This decision excludes strenuous activities, such as running, swimming, and cycling**

A face mask must be worn when in close proximity to family members with underlying health conditions, or elderly family members living in the same household.
