

# Important advice for visitors

Dear Visitor,

For your safety and the safety of others, please adhere to the following rules:

Download the "BeAware" application

If you experience any COVID-19 symptoms, including :

fever

shortness  
of breath

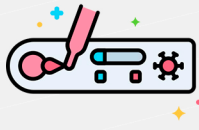

sore  
throat

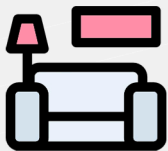

runny nose  
or cough

call  
**444**  
immediately

**If you test positive following a rapid COVID-19 test**, you must either photograph the result and upload it on the "BeAware" application to be given an appointment for a PCR test, or call 444

**If you experience any COVID-19 symptoms or have received a positive rapid test result**, you must isolate immediately and not leave your hotel room or socialise with others

If you receive a positive PCR test result, **you will be contacted by a representative from the Ministry of Health to guide you through the procedures to be followed**

If you test positive for COVID-19, **you are obliged to disclose the names of all people with whom you have had recent contact**, to ensure testing appointments are scheduled and treatment is provided in a timely manner

**Please inform the hotel management of any case of infection or contact with a COVID-19 positive individual**

● List of hotels authorized to provide self-isolation services
